March 10, 2021

Dear William Kiger, President, CEO of Pennsylvania 811,

Slippery Rock Township recognizes April 2021 as "Pennsylvania 811 Safe Digging Month", and the initiative sponsored by Pennsylvania 811, a utility notification information center celebrating its 49th year of continuous service to the Commonwealth of Pennsylvania.

We support the mission of Pennsylvania 811 is to prevent damage to underground facilities and to promote safety, by providing an efficient and effective communications network among project owners, designers, excavators, and facility owners. We also acknowledge in 2020, Pennsylvania 811 received close to 992,000 notifications and transmitted approximately 6.6 million tickets to their member facility owners in Pennsylvania.

We are aware safe digging is a shared responsibility among excavators, homeowners, and facility owners.

We will promote "Pennsylvania 811 Safe Digging Month" as a reminder to all people who excavate or dig to call 811, three business days before digging; to have the approximate location of their utility lines marked for this process helps prevent injuries, property damage, and inconvenient utility outages.

We will encourage safe digging practices in Pennsylvania, in support of the Pennsylvania Underground Utility Line Protection Law, PA Act 287 of 1974, as amended, by recognizing April 2021 as "Pennsylvania 811 Safe Digging Month". We will encourage everyone to visit the Pennsylvania 811 website at www.pa1call.org for information about digging safely.

Sincerely,

Paul Dickey
Chairman
